- For validation and audit requirements, you may be also asked for payment proofs.

Housing Loan Interest

Please upload the latest housing loan statement from the Bank with a clear breakdown of Interest and Principal amount for FY 2024-25. Also, kindly note the below:

- For joint property, enter the full loan interest amount and your percentage share the system will calculate your share basis the percentage and total loan interest amount.

For example – If your share is INR 4,00,000 and the total interest is INR 8,00,000 when you enter 50%, the system will not consider INR 4,00,000 and auto-calculate your share as INR 2,00,000. In this case, you must enter INR 8,00,000 and 50% to avail of INR 4,00,000.
